Chief Executive
Dr James Pendlebury

27 July 2011

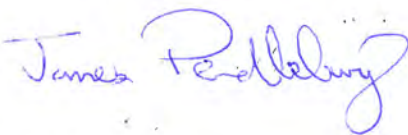

Dear Mr Ball

I am writing to acknowledge receipt and thank you for the very generous cheque we have just received from the International Society for Arboriculture following the 'Cycle Ride for Research' fundraising event to support the work undertaken by our team on research into Acute Oak Decline. The money will go towards purchasing laboratory equipment that will facilitate our work and is very much appreciated.

I have also taken the liberty of assuming that you would like to be kept informed of progress in respect of our research and have asked Dr Sandra Denman to ensure you are on our mailing list for all our future research updates.

With kind regards

Yours sincerely

Dr James Pendlebury
